Day 2: Sanya

Today we will firstly visit the **[End of Earth and the Corner of the Ocean]**. Located 23 kilometers west of Sanya City, this park faces the boundless sea with Maling Mountain at the back, coconut trees and numerous rocks scatter on the sand. The Chinese characters on the rock mean "the end of the

earth and the corner of the ocean", which witnesses an affecting oriental love story of Romeo and Juliet. In this tourism zone, you can stroll on the beach, watch the wave, listen to the sea as well as collect shells. After lunch you will visit **[Nanshan Cultural Tourism Zone]** in Sanya. As a National AAAA Class Scenery Park, the tourism zone provides you with an ideal paradise where you can worship the Buddha, eat the vegetarian food and view the enchanting scenes.

The tour ends when you're transferred back to your hotel.
